## August 19, 2023 Version 2023.15

### Feature enhancements

#### PCOs - Send records to Estimation MEP

You can create a PCO in ProjectSight and then send the PCO number and description to Estimation MEP, where you can create an estimate for the cost of the change order. Then you can manually enter the cost in the PCO in ProjectSight.

**Note:**

The Estimation MEP button is available in a PCO if:

1. The portfolio is part of a Project MEP account.
2. The ProjectSight project is [linked to Trimble Connect](#).
3. You have the Create or Modify permission for PCOs.

Proposed	Approved	Applied	Budget
20,000.00	20,000.00	20,000.00	03.210
20,000.00	20,000.00	20,000.00	03.210

Information Panel:

- ID: 003
- Status: Ready for ...
- Approved For Budget:
- Create Date: 10/5/2017
- Category: Change Order
- Due Date: 10/12/2017
- Reason: Inspection Re...
- Requested Days: 0
- Importance: Normal
- Approved Days: 0
- Reference:
- Location:
- Estimation MEP** (button with red arrow)

### Resolved issues

- When a custom view includes a filter with a special character like an ampersand (&), the custom filter is saved properly. (CN 03452519 / PS-42204)

## August 3, 2023 Version 2023.14.1

### Resolved issues

- When a custom report includes a Time checklist item from ProjectSight mobile, the report is created successfully. (CN 03450420 / PS-42154)
- Folders in the File Library of a specific project can be renamed successfully. (CN 03451354 / PS-42176)

## August 1, 2023 Version 2023.14

### Feature enhancements

#### Lookup lists - Export / import

When you export the following lookup lists, they are now exported in their own Excel files rather than in the general lookup list Excel file:

- Budget Groups
- Equipment
- Revenue Codes
- Divisions

	A	B	C	D	E
1	PROJECTSIGHT		Trimble Portfolio - Revenue Codes		
4	Code	Description			
6	02	Sitework			
7	03	Concrete			
8	04	Masonry			
9	05	Steel			
10	06	Carpentry			
11	07	Waterproofing			
12	08	Glazing			
13	09	Finishes			
14	10	Specialty			
15	11	Equipment			
16	12	Furnishings			
17	13	Special Construction			
18	14	Transportation			
19	15	Mechanical			
20	16	Electrical			
21	17	General Conditions			
22	80	Construction Contingency			
23	85	Sitework			
24	90	Fee			

*Revenue codes exported to Excel*

## Resolved issues

- When revenue codes are exported to Excel, the description isn't added to the Revenue Codes column. (CN 03430471 / PS-41537)
- When the browser window is resized, the report settings are displayed in the available space. (CN 03439175 / PS-41815)
- In the portfolio settings for submittal notifications, the Submittal - Messages Added and Submittal NotificationType\_12 notifications have been removed. (CN 03440618 / PS-41878)
